United Safety Technology Distribution, Inc. is a trusted solutions provider specializing in technology-driven systems designed to enhance safety, efficiency, and operational performance. We deliver innovative, reliable, and scalable solutions tailored to the evolving needs of our clients across various industries.

With a strong focus on customer experience, USTDI is committed to providing quality products, professional training, and dependable after-sales support. We believe that by putting our clients first and continuously improving our services, long-term partnerships, sustainable growth, and shared success naturally follow.

We are deeply grateful for the trust our customers place in us. This trust drives our commitment to excellence, accountability, and continuous innovation—ensuring that every solution we deliver meets the highest standards of performance and reliability.

MISSION

To deliver innovative, reliable, and high-quality technology solutions that enhance safety, efficiency, and performance, while providing exceptional customer experience and building long-term partnerships founded on trust and integrity.

VISION

To be a leading and trusted technology solutions provider, recognized for excellence, continuous innovation, and customer-centric service, delivering reliable and future-ready solutions that create smarter, safer, and more connected communities while fostering long-term partnerships and sustainable growth.

CORE VALUES

Customer Trust

We place our customers at the center of everything we do, valuing their trust and striving to exceed expectations through reliable solutions and dedicated support.

Integrity

We conduct our business with honesty, transparency, and accountability, upholding the highest ethical standards in all our engagements.

Excellence

We are committed to quality in our products, services, and processes, continuously improving to deliver solutions that meet the highest industry standards.

Innovation

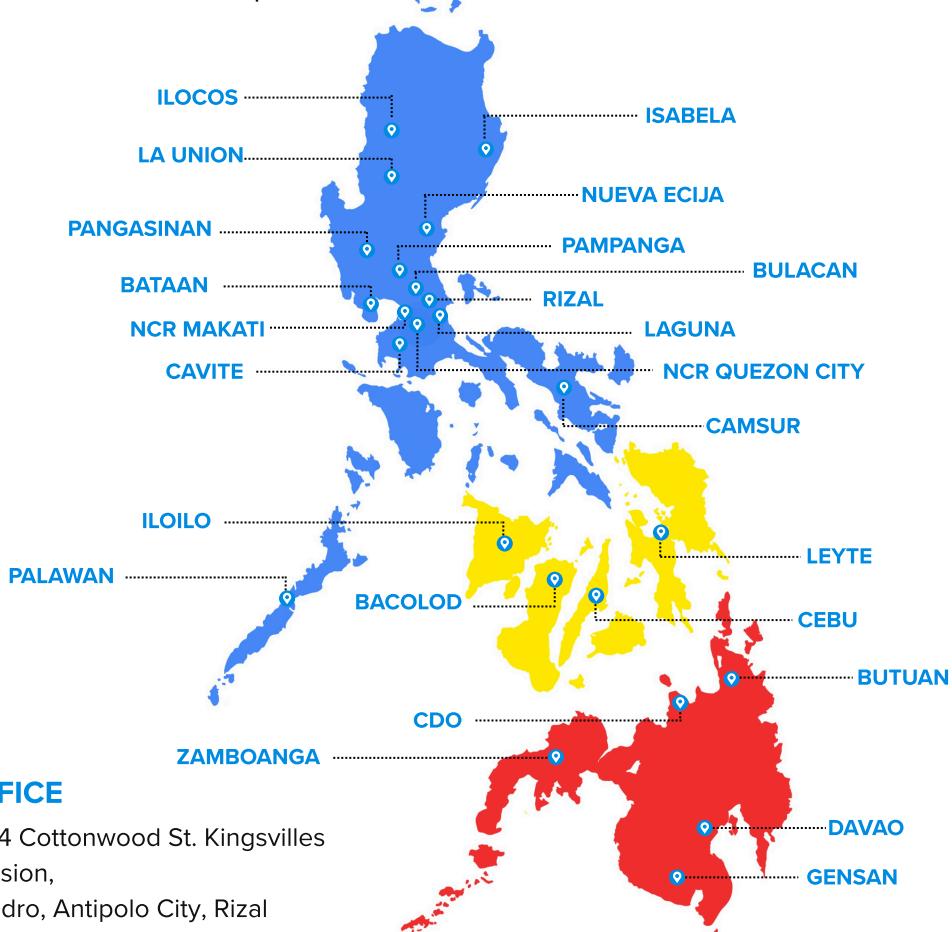

We embrace technology and creativity to develop forward-thinking solutions that address today's challenges and anticipate tomorrow's needs.

Collaboration

We believe in teamwork and strong partnerships—within our organization and with our clients—to achieve shared success.

All Across the Country

Innovation without borders. Safety without compromise. From the busiest cities to the most remote islands, we believe distance should never dictate security. Our mission is to deliver smart, affordable automation solutions that protect what matters most—securing the Philippines, one doorstep at a time.

NO. 1 WORLDWIDE
Security Solution Provider

Network Video Recorder

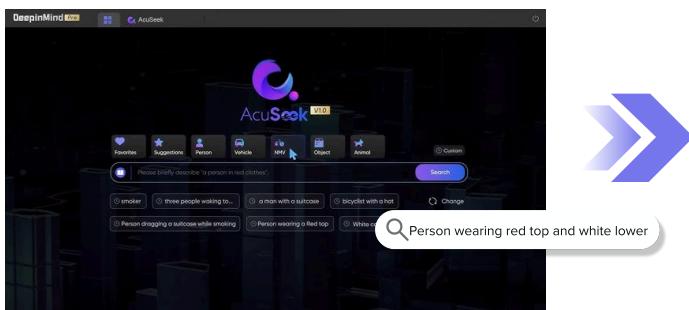

Hikvision NVRs deliver reliable, high-definition recording and intelligent video management for IP surveillance systems. Designed for seamless integration, easy operation, and scalable performance, they provide secure, efficient, and smart monitoring—ideal for homes, businesses, and enterprise environments.

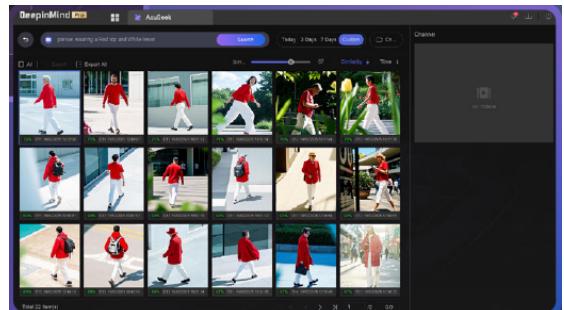

What is **AcuSeek**?

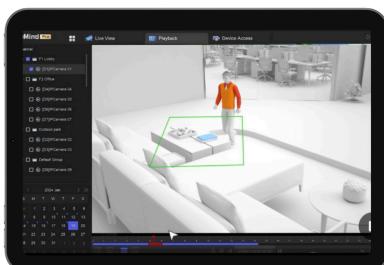

AcuSeek is an AI-powered video search feature from Hikvision that enables fast and accurate retrieval of people, vehicles, and events using intelligent attribute-based analysis.

Find people or vehicles by attributes, behaviour, or even surroundings.

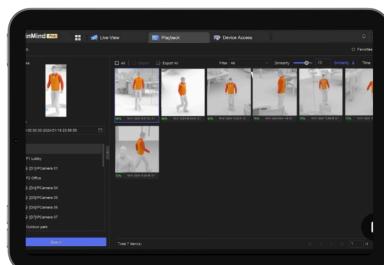

Powered by a large-scale AI model, AcuSeek delivers pinpoint accuracy.

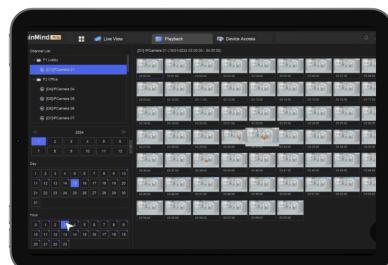

Smart Search

Users can draw rule boxes or intrusion lines to quickly filter and identify targets entering a defined area.

AcuSearch

Users can precisely search specific targets with one click, instantly displaying related videos to significantly improve search efficiency.

Slice Playback

Videos can be split into time-based clips, allowing users to quickly locate and replay the desired snapshot segment for easier video retrieval.

ColorVu 3.0

See the Difference: Hikvision ColorVu 3.0 vs. Last-Gen Hybrid ColorVu

Experience the next level of clarity with ColorVu 3.0! Thanks to cutting-edge technology, this latest upgrade delivers brighter, sharper, and more vibrant visuals with minimal ghosting. Compare it to the previous Hybrid ColorVu and see how the future of night vision just got even better!

- **HikAI-ISP:** Hikvision's advanced AI image processing technology enhances motion clarity and sharpens static details with intelligent noise reduction.
- **AI WDR:** Automatically balances brightness and shadows for perfectly exposed images, even in challenging lighting conditions.
- **AI 3D LUT Color Correction:** Delivers precise color calibration for stunning, true-to-life visuals with exceptional vibrancy.

More Details

AcuSense 3.0

AcuSense 3.0 is Hikvision's advanced AI technology that accurately detects humans and vehicles, greatly reducing false alarms from non-threats. It features quick AcuSearch for easy video retrieval, smart lighting integration, and enhanced night vision through EasylP 4.0 Plus and ColorVu 3.0, delivering smarter and more reliable security alerts.

- **Superior False Alarm Reduction:** Accurately filters people and vehicles from rain, insects, shadows, and light changes.
- **AcuSearch:** One-click search to instantly locate human or vehicle events.
- **Enhanced Algorithms:** Upgraded motion and parameter detection for higher accuracy in complex scenes.
- **Smart Lighting Integration:** Works with ColorVu 3.0 and Smart Hybrid Light for clear, 24/7 color imaging.
- **Target Validity:** Displays AI confidence level so users can set higher thresholds and reduce false alerts.
- **Customizable Alerts:** Enables scheduled arming and smart actions like strobe lights or voice warnings.
